## Education

### Bachelor of Science in Product Design

Anticipated Summer 2025

ArtCenter College of Design

Pasadena, CA, USA

---

## Experience

### Industrial Design Intern

Sep 2021 - Dec 2021

*Bosch, Power Tools User Experience Team*

*Shanghai, China*

Worked as an industrial design intern, engaging in multiple power tool design projects. Assisted with project research, depicted user scenarios, communicated designs via sketches and prototypes, and executed user interviews to evaluate concept viability.

### Freelance Product Designer

Mar 2023 - Jun 2023

*frog design*

*Shanghai, China*

Collaborated with a multidisciplinary team, including product, visual, and user experience designers, on a sustainable food packaging initiative for an established brand. Contributed to user research, ideation of packaging concepts, structural design, 3D modeling, and rendering.

### Samsung Sponsored project

Sep 2023 - Dec 2023

*Samsung Electronics*

*Pasadena, CA*

Samsung Electronics sponsored student teams to create innovative design solutions for the next generation of Samsung smartwatch users, focusing on individual and team strategies for upcoming models.

---
